22) The President states that if the proposal to convert the old fellies bed into a swimming pond be approved the site under consideration is best suited for the Mysore Scout Council Building. From the report of the Supt Vanivilas Water Works, the possibilities of converting the fellies bed into a swimming pond do not seem to be very hopeful. Further investigation of a swimming pond adjacent to the Viceroy Road will be in the interests of sanitation & convenience. Being near the Maharanis College & Hostel the site may perhaps be more suitable for a building for ladies of the Bhagini Seva Samaja. Could not a decent building be put up?

5y It is stated that the Secretary of the Club has been informed that a portion of the land measuring 150' x 150' is required to be resumed for a public purpose. Before the resumption of the land is ordered, it is perhaps necessary to await for a reply from the Secretary with a view to know if the Club has any objection to the proposal. The President has not also given the boundaries of the land to be resumed. This information is necessary.

4 If agreed the President will be asked to ascertain and communicate the willingness of the Club authorities to the proposal and also to furnish the boundaries of the portion to be resumed. He will also be reminded about the site to be given for the Scout Pavilion, vide para 1 of this letter dy 19 4 34 (Flag Z)

If the Club is willing to give back the portion of the site without any claim for compensation there will be no difficulty at all

SIR

With reference to your letter No L 3209/A1 2-33-43 dated the 8th instant forwarding a petition dated the 26th October 1933 praying for the grant of a suitable site in Mysore City for the construction of a building for the Scout Pavilion and calling for a report thereon, I have the honour to state that the area under reference is presumed to belong to Government as it forms part of the open ground attached to the public offices, and maintained by the Government Gardens Department, this area was originally reported to be in charge of the Municipality when the water supply distribution system from the Kukkarahalli tank was under their control and records relating to this are not forthcoming to report when the land was handed over They are however being traced and any further information available on the subject will be duly intimated A sketch plan showing the position of the old filter bed and the land adjoining it is herewith appended for kind reference

As regards the conversion of the old filter bed into a Swimming pond, I am forwarding herewith a copy of letter No 559 dated 20-11-1933 from the Superintendent, Vani Vilas Water Works in the matter for the information of Government

I have the honour to be,

---

With reference to your letter No E T 397 dated 17-11-33, I have the honour to state that the plan of the Service Reservoir situated opposite the Chamaraja Police Station is not available in this office The Service Reservoir is a covered Tank and it is reported that there are heavy leaks in the bed and on the sides which will necessitate heavy repairs Further the existing ~~masory~~ masonry roofing and the pillars supporting the roof will have to be removed at a heavy cost before it can be put into service as a swimming pond

The same question seems to have been taken up in 1929 and subsequently dropped

It cannot be definitely stated whether the water can be drawn from the Kukkarahalli Tank as we do not know whether the masonry duct which was formerly leading water to the Reservoir is in good condition or not

The duct requires to be examined right along from the Service Reservoir to the Kukkarahalli Tank by making excavations at intervals along its root

Sir

Now that H E the Viceroy's visit the arrangements for which naturally engrossed your attention has passed off successfully and you have time to attend to the usual matters of administration I beg leave to refer to a matter that I was informed about, a month or so ago when it appeared inadvisable to disturb you and to write about which I therefore waited for H E the Viceroy's visit to be over

I was told that you were pleased to give the portion of the Gordon Park here just opposite to the Maharani's College Hostel for the construction of a building for the Mysore District and City Scout Council, An institution for women appears more appropriate on this site than one for men Any other site is likely to satisfy the requirements of the latter while the same cannot be said of the former In the circumstances the Committee of the Bhagini Seva Samaj, Mysore, through me, convey to you their respectful request that the site in question may be made over to them for putting up a building for the Samaj

GOVERNMENT OF

Letter dated 2nd ugust 1934 fro the Honorary Secretary, Cosmopolitan Club, Mysore, to the President, City Municipal Council, Mysore

Re re-transfer of a portion of our compound

Your letter of the 13th July 1934 was considered by the Executive Committee at its meeting held on 27-7-1934

We note that the site, which you desire that the Club should re-transfer to the Government, is intended to be given to the Bhagini Seva Samaj for the construction by them of a building to house the Samaj although it may be that it is not quite desirable to construct garages on the site, which is the subject matter of this letter, still the loss of the site will deprive us of a portion of our compound which is very valuable for our purposes

Apart from this, the committee feel that there is a very serious disadvantage in constructing the Bhagini Seva Samaj building so adjacent to the Club The Committee learn that the Samaj is a socio-educational institution, intended to serve the needs of ladies as such the presence of a gentelemens' club so close will seriously interfere with the privacy that is very essential for an institution interded to be used solely by ladies, a considerable majority of whom are likely to be orthodox Hindus In this connection, we may inform you that frequent parties are held on the terrace of the club, which is sure to overlook the Samaj The Committee, therefore request that this aspect of the situation may be considered by the Government, as well as the authorities of the Samaj, and the idea of putting up the Samaj buildings in the vicinity of the Club may be reconsidered

If, however, you consider it necessary to press the suggestion we would thank you to intimate the same to us, as a special general meeting of the club has to be held in order to decide the matter

Dear Sir,

With reference to your D O letter No I 1468/M 2-33-122 dated the 29th August 1934 on the subject of the resumption of a portion of the land given to the Cosmopolitan Club, I write to say that after personally discussing the matter with Messrs B Narasinga Rao and Rajakavibhushana Huginalu Lingaraja Urs who are both members of the Cosmopolitan Club and Bhaginiseva Samaj on the Managing Committee, I tried to induce the Club authorities through them to consider the proposal of transferring the site favourably and it was on this that the matter was considered by the Executive Committee of the Club, and their views communicated Subsequently I met the Secretary of the Bhaginiseva Samaj and discussed the matter with her, and as I found that she was hesitating to come to a decision in the matter, I had to allow the matter to rest for a while

On receipt of your letter referred to above, I saw Mrs Amruta Bai once again to ascertain her views definitely in the matter after fully explaining to her the situation on the points raised by the Cosmopolitan Club authorities She said that she would consult with Mrs Parvathamma, Subramania Iyer, President of the Samaj in the matter, if a copy of the letter received from the Honorary Secretaries of the Cosmopolitan Club is sent to the President of the Bhaginiseva Samaj Accordingly a copy was forwarded to the President of the Samaj in this office No 269 dated 1st September 1934 enquiring if they still desired to have the site by the side of the Cosmopolitan Club A copy of the reply received from the President intimating that the site referred to is not quite suited for their purpose is forwarded for the information of Government

As regards either of the sites referred to in the letter viz , a portion of the Gordon Park to the North of the Settling Tank and South of the Maharaja's High School or the Northern half of the compound of the Hostel attached to the Maharani's College, I am afraid that either of the sites referred to cannot be made available in view of the fact that it has been ordered not to give them away for the present In view of the fact that the Samaj authorities are not in favour of taking up the site proposed for them, I am afraid no further action can be taken in the matter The President of the Samaj may be informed that the alternative sites suggested by the Samaj cannot be granted and that it is desirable that the Samaj should negotiate the purchase of a suitable house with sufficient compound in the area in which they propose to carry on their work

Yours sincerely,

I beg to acknowledge the receipt of your kind D C letter No 269 of the 1st instant and its enclosure and to state in reply, after consultation with some of the members of the Managing and Advisory Committees of the Samaj, that the site in question is not quite suited for our purpose It is therefore requested that either of the sites prayed for by the Samaj may kindly be re-commended to be given "
